REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed primarily because the prior art, singly or in combination does not teach or suggest the claimed invention in claim 1 regarding regarding the thin transistor array of pixels comprising a first thin-film transistor including a channel formed in a spiral pattern and having a defined length and width, a pixel addressed by the first thin-film transistor, the pixel having two pixel dimensions including a pixel width and a pixel length, the channel width longer than the shorter of the two pixel dimensions, taken in the context of the remaining limitations of claim 1 including the respective gate electrode, source electrode and drain electrode being correspondingly coupled as delineated. Claims 2-5, 7, 8, 11-18, 20-26 and 33 are allowed as being dependent claims thereof. Claims 6 and 9 previously withdrawn are also allowed since they also depend from allowed claim 1 thus include all the limitations therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
